

Threads in Node.js

yorkie@rokid

Threads

Threads

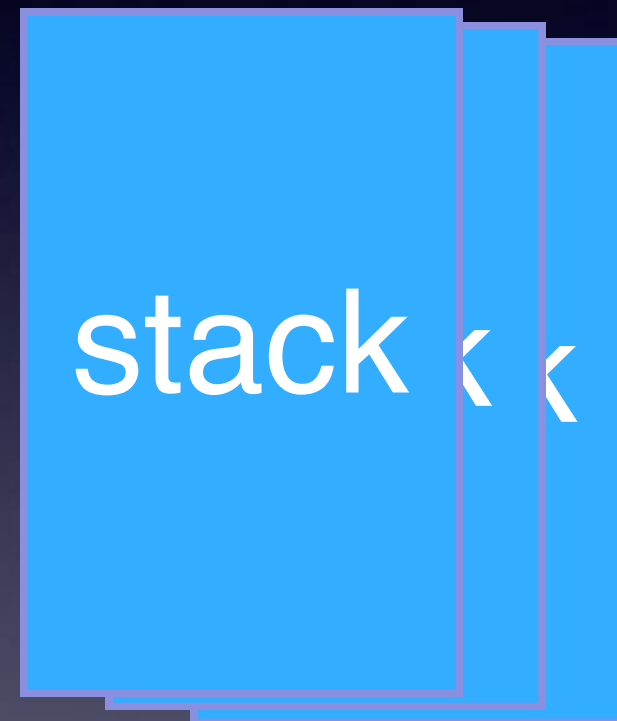

- `thread.js`
- `node-thread-a-gogo`
- `napajs/node-webworker`

Spawning a child process in Node.js

Use pthread in Node.js

build a parallel task API for
JavaScript

node-webworker

How is Node.js future

How is Node.js future

- Untrusted code execution
- The full CPU access
- The ability of process unit not only CPU

Thank you!
